

IBIZ 2011
Connecting global life sciences

IBIZ Invest

Are you looking for investment funding?

March 9/10 ExCeL London

Investment Forum

IBIZ Invest is a one day forum that gives investment ready Life Sciences companies the chance to pitch in front of an invited audience of investors from the UK and abroad.

IBIZ Invest is for biotech, pharmaceutical, medical technology and healthcare IT companies that are looking for finance. It is open to companies at all stages of development; from spin out to established, growing businesses.

Investment ready companies with a compelling proposition are invited to register at www.ibizlifesciences.com/invest and submit an executive summary. This will be reviewed by the panel comprising angels, venture capitalists and advisors who will select the best companies to pitch to the wider investor audience.

Why should I take part?

- It is free for companies to register and pitch at IBIZ Invest (one ticket only).
- IBIZ Invest is an excellent way to speak directly to a large audience of investors that are actively seeking new investments in the Life Sciences sector.
- IBIZ Invest offers a fantastic networking opportunity and taking part will increase your company's visibility in the investment community.
- Each company selected to pitch will receive one free delegate ticket, giving access the wider IBIZ 2011 programme (see www.ibizlifesciences.com).
- If UKTI thinks you have a good story, you could also benefit from some free publicity!

IBIZ Invest is being held on 9 March 2011 as part of IBIZ 2011.

Next Steps

If you're looking for funding, register and submit your executive summary at:
www.ibizlifesciences.com/invest

Investors

We have capacity for up to 80 investors to participate in IBIZ Invest. Feedback to date has been resoundingly positive and the audience promises to deliver a strong mix of angel, VC and corporate investors looking for investment at different levels.

IBIZ 2011

IBIZ is a key event designed to help UK biotech and medtech businesses achieve international success. It is part of the Healthcare Innovation Expo which will attract 10,000 UK private and public sector healthcare professionals. The event provides knowledge and support to UK companies looking for overseas buyers or investment partners and will be a showcase for British innovation.

The closing date for applications is 17 January 2011. If selected, you will be invited to pitch on 9 March 2011.

For further information please email ibizinvest@thefoundryhouse.com

The Healthcare Innovation Expo is a two-day event bringing together the best innovations from the private, public, academic, scientific and third sectors under one roof, ready to take away and implement. The Expo aims to establish itself as the leading innovation healthcare event in the UK, Europe and indeed worldwide. Expo will be the showcase for putting innovation into practice and the epicentre of innovative thinking in the world of healthcare.
