

PROMOTE YOUR PRODUCTS AND SERVICES AT THAILAND'S NO.1 MEDICAL EVENT

This exhibition continues to go from strength to strength as Thailand's No. 1 medical event, providing companies with the best opportunities to navigate the dynamic marketplace of Thailand and Southeast Asia.

Medical Fair Thailand focusses on equipment and supplies for the hospital, diagnostic, pharmaceutical, medical and rehabilitation sectors. It is supported by some of the region's most prominent government and industry trade associations, including Thailand's Ministry of Public Health.

This biennial event alternates every year with Medical Fair Asia in Singapore. The last edition of Medical Fair Thailand in 2019 attracted almost 900 global exhibiting companies and over 11,500 visitors from a total of 79 countries.

Exhibiting companies can promote their business to, and network with, distributors from the region as well as a huge variety of healthcare professionals including those from medical centres, public and private hospitals and regulatory bodies. This networking and promotion can continue digitally for one week after the physical event too.
